

PRICE LIST

from 1st April 2021

Our price list is structured in sections to give you a clear view of the potential steps in your treatment and the associated costs, to allow you to make informed financial planning. Payment for consultations, blood tests and investigations will need to be settled prior to or at the time of these appointments.

You will be required to pay the full cost of the treatment prior to your nurse planning appointment.

STEP 1: CONSULTATION AND INVESTIGATION

Before we can recommend a treatment pathway you will need to have a consultation with a doctor and may need a combination of investigations. This will allow us to plan the best treatment journey for you.

Fertility Assessment (Ultrasound scan, AMH blood test and consultation)	£450
Comprehensive Fertility Assessment (Ultrasound scan, AMH blood test, Semen analysis and Consultation)	£550
Comprehensive Fertility Assessment for same sex female couple (Ultrasound scan and AMH blood test for each partner and a consultation)	£550
Semen Analysis	£190
Counselling (up to 3 sessions included in all treatment packages)	£110
Treatment Consultation TFP Boston Place / TFP 92 Harley Street	£150 / £250

STEP 2: TREATMENT PACKAGES

Below you will find our treatment packages, which will form the base of your fertility treatment.

Each treatment package includes:

- nurse planning appointment
- counselling
- HFEA fee
- blood tests for HIV, Hep B and Hep C for both partners (as applicable)
- monitoring bloods and ultrasound scans during the treatment cycle
- 1 review consultation or early pregnancy scan.

Prices for Pre-Implantation Genetic Testing are available on the Genetic Testing price list.
